Jesus of Nazareth  
What do you think of us  
When all we do is think of us?  
Jesus you were neither black nor white  
The son of an Israelite  
How did you get so westernised?  
Turn the water into wine  
I tell the world you're a friend of mine  
Then I want justice for them but grace for me  
How can it be that you love me?  
Jesus if the 21st century  
Was when you came down to set us free  
Would you build yourself a sanctuary?  
Jesus of Nazareth  
Would you have your own TV network  
And call it sermon on the satellite?  
Heal the sick and give sight to blind  
Outside your church but also deep inside  
My self-righteousness is your enemy  
How can it be that you love me?  
Jesus no-one said things like you  
And if what you said and did were true  
I would have to give my life to you  
Raise the dead and tear the curtain down  
Breathe your life but let religion drown  
Set the captives free and start with me  
I do believe that you love me
