If I say I truly love you you can be sure it's true
No hidden meaning or reservation straight from this
heart to you
You can be sure it's true
I love you it's your smile your pretty face and your
conversation
I don't want nobody else but you
No I don't want nobody else
No I don't want nobody else
No I don't want nobody else but you
If I stay in my own corner and hold back a part of me
We may survive but love it withers there's only one
thing to do
Give all my heart to you
I love you and you know there's times I've stumbled
and even fallen
But I don't want nobody else but you
Can you believe it's true? When I give all my heart to
you
And I don't think of getting back that's when my heart is
full
I need you I need you and you need me
Let's never lose this combination
