Perfect Love casts out fear
That's how I feel when you are near
So wrap your arms around me
'Cause when all fear is gone
It's only your love I see
Love is yes and love is more
Love is a key to the prison door
Fear's afraid of finding out
That love is what it's all about
Love can take a beating silent
Fear is angry noisy violent
Love can make a racist breathe
Please forgive me
Fear is lonely fear is wrong
When it whispers that you can't go on
Love's a bridge that carries me
High above an angry sea
Love will never keep a score
Of all the things you've done before
Fear will take you're darkest sin and blurt it out
Love is patient love is kind
Love can place itself aside
Love is power to believe
That what you dream you can achieve
Fear can sting and fear can scoff
But only when the lights are off
Love is light and fear it knows
When love is here it goes
