Whodi, get 'em up get 'em up get 'em up (WHAT?)

[Chorus 2X: Master P]

Is all my niggaz ready to roll? (WHAT?)

[Master P]

Now you don't know me whodi you better step back  
Cause I'm bad for your health, like heroin and crack  
I'm a thug, I keep my hand on the trigger  
But the ladies love me cause I'm a million dollar nigga  
Roll in V12's, big bodies and trucks  
All chromed out, and all souped up  
Find me sittin on the porch in the project blowin blunt  
Waitin to get paid on the first on the month  
Now, y'all really don't wanna mess with me  
I'm that nigga out the CP3  
Whodi born in the bricks, and dranks on me  
Ain't no stuntin lady, y'all know who I be  
I'm a uptown nigga, live a uptown life  
Gotta uptown house, with a uptown wife (WHAT?)

[Chorus]

[Slay Sean]

Yo I'm the hottest nigga in rap, fuck where you been at  
Fuck where you sit at, S-serk hit like di-dat
