What I learnt sayin love u is easy...
Never 100 % u gota believe me...
Chicks who bitches jus tore me apart...
Like I have no heart.
... n I don't have to walk...
I stayed as a loser I gave u time to be proud...
You should some peole don't erase memories out...
Believe it or not...
I thot we could never be stoped...
Bt did u worry abt me... for u I was locked up...
Knoin I won bt I lost my love...
Tryed show my love...
She had a difent love to worry abt...
U hope dat ur hapy...
Coz ur too use to hurt...
Loved ur own mistakes
Good bye to love...
I hope that u find whateva that u want...
Coz u sure didn't deserve 2 be my no 1...
I gave u everthing that I reaaly did had...
U were nt there?wen I wanted u so bad...
Nooooooooo!

Jus lik u say...
Nerver turn back...
Bt walk in front way...
Jus coz I loved u imma do as u say...
Aint no doubt imma be far away...
Wish u would change hopein for that oneday...
U should know that this aint u...
How can u break hearts wen ur so dam cute...
Never judge a book by it's cover is dedicated to u...
Dam true... I wish u would jus change...
Coz I aint got no clue coz ther aint love remain...
