She said "Would you like to Buster Shuffle on the
dance floor with me?"
I said "No thanks, I'm in too much trouble, as you will
probably see
Cos I'm meant to be right over there with my girlfriend
having a drink
And now she's caught you talking to me, thank you for
the offer but that might
Just cause a scene"
And all she can say to me is that she doesn't like what
she's just seen!

So I go off to the bar on my own, buy myself a double,
with that in me I can cope
And you go off to have a little dance, surrounded by
some boys that are looking
For
Romance
You pretend you're not looking at me and I pretend that
I'm too drunk to see that
He is trying to get from you something very special
only you and and me do

And all she can say to me is that she doesn't like what
she's just seen!
But I was happy being here until he started to dance
with you
This always seems to happen when we go out!

You don't know what you want from me
You don't know what you want from me
You don't know what you want from me
You don't know what you want from me

That's it, I've seen and drunk enough, I stand to leave
gonna get the night bus
Then you come running after me, we smile, we laugh,
we kiss and cuddle as we
Leave...

And all she can say to me, is let's agree sometimes to
disagree

But I had no idea that it was your little brother that was
dancing with you

This always seems to happen when we go out!
