Look at that girl she found the answer.
Look at that girl she found the answer.
Look at that girl she found the answer.
And the answer was waiting for her all the time.
And the answer was yeah, come on let's do it tonight.

Look at that girl start a revolution.
Look at that girl it's a world solution.
Look at that girl start a revolution.
And the answer was waiting for her all the time.
And the answer was yeah, come on let's do it tonight.

Look at that girl she found the answer.
Look at that girl she found the answer.
Look at that girl she found the answer.
Look at that girl she found

Look at that girl I'll never get her.
Look at that girl she's gone forever.
Look at that girl you might remember,
That the answer was waiting for her all the time.
And the answer was yeah, come on let's do it tonight.

Look at that girl.
Look at that girl.
