I didn't know what's left up until I saw the moon
Didn't know it was summer 2 weeks into june
Didn't know you were standing right on top my door
I was visiting just listing to my vibrato

I've been using vibrato since I was a kid
I didn't use it this time imagine if I did
It can lift a big wave and it's so powerful
Everybody just listen to my vibrato

I've been using vibrato since I was a kid
I didn't use it this time imagine if I did
It can lift a big wave and it's so powerful
Everybody just listen to my vibrato

It's a natural feeling when I make a sound
Take a regular note and mold it all around
You can take up fast or take it nice and slow
Keep it or just listening to my vibrato x3
Everybody just listening to my vibrato
