It's funny how some things will never change  
I smile and walk out your back door  
The sun shines down but it's nothing next to  
Your beauty from this one night we have shared  
And if falling in love can feel so beautiful then maybe  
Just maybe, I can give it one more try  
And if falling love can feel so beautiful  
Well secretary clear my schedule  
Put my whole life on hold  
I'm gonna spend a year with you  
Put my whole life on hold  
And I don't know how to take my time  
And I don't want to anyway  
So let's drink wine all day and head to the park  
We can stay awhile or not, I couldn't care less  
I'm all yours she said  
I don't know if I'm ready but you make me want to be  
And if falling in love can feel so beautiful then maybe  
Just maybe, I can give it one more try  
And if falling in love can feel so beautiful,  
Then secretary clear my schedule  
Put my whole life on hold  
I'm gonna spend a year with you  
And I don't know how far this was meant to go  
But damn it all, let's break some records baby  
And as I walk out on the street I take a look back  
You know it won't be my last time  
And as I walk out on the street I take a look back  
You know it won't be my last time  
Love is suicide so kiss me  
And I regret nothing so don't mourn me  
All the ways it's your gaze and it draws me to you  
Every day's a new day and I'm coming back for you  
All the nights are too long without you  
And I'm without you right now...  
It's suicide, it's suicide, it's suicide, and I don't mind  
All the days spent with you by my side  
All the night spent holding onto  
All the days spent with you by my side  
And you're always on my mind
