Through sadness you have taught us to be one with the crowd,  
Unveil the sacred order,  
Hymns are falling down,  
You told the greatest stories,  
Of love and bleeding crowns,  
But to the sick and hungry,  
You cannot be found,

We are young and we are strong,  
Through strength in self we become,  
Something more than they can be,  
I raise my heart and sing!

That I wont believe this lie,  
I know there's something more inside,  
Darkness is all you see,  
This is our Sweet Blasphemy,

Silence the crooked holy,  
Unchain the tied and bound,  
No time for allegory,  
One true reigning sound,  
Unite the lonely mourning,  
A simple servant now,  
We are the only glory,  
Hear us screaming loud,

We are young and we are strong,  
I raise my heart and sing!

That I wont believe this lie,  
I know there's something more inside,  
Darkness is all you see,  
This is our Sweet Blasphemy,

We are young and we are strong,  
Through strength in self we become,  
Something more than they can be,  
This is our Sweet Blasphemy,

That I wont believe this lie,

I know there's something more inside,  
Darkness is all you see,  
This is our Sweet Blasphemy,
