"I Don't Think So"

So you go and you call me up last night

Tell me how you wanna make it right

Well please forgive me if I dont believe you

Now your sayin' that you wanna get with me

Tell me how youre really so sorry

You know - I think Ive heard this all before

Well you shouldve thought of that

Before you dumped me on my ass

Did you really think Id take you back?

After all the shit you put me through

After everything that I went through for you

I dont think so...

The other girl she didnt mean that much

And she just made you miss me so much

Well please forgive me if I dont believe you

So you tell me that you really love me

Do anything to make it up to me

How about you go burn in hell then

Well you shouldve thought of that

Before you dumped me on my ass

Did you really think Id take you back?

After all the shit you put me through

After everything that I went through for you

I dont think so

You know I will never take you back

So get off my back

I dont want you anymore

Go and suffer on your own

You can live your life alone

I dont need you anymore

So you go and you call me up last night

Tell me how you wanna make it right

Well please forgive me if I dont believe you

Now youre sayin' that you wanna get with me

Tell me how your really so sorry

You know - I think Ive heard this all before
