i got this feeling that you will leave me[dont give up]
you keep giving me all this excuses[dont give up]
your cold goodbye that felt different[dont give up]
i can not let you go[because i love you]

you told me that you love me but now why you say goodbye?
i can not let you go like this never[because i love you]

dont try to leave me with only one excuse

please dont go go go please dont go
can you please look back at me just for one more time
please dont go go go.i dont like sad goodbyes
please come back to me because i love you

step by step 1 2 3 dipdi darido
long long times will erase you away
step by step 1 2 3 dipdi daridu
but each day will be a torture for me

i get a feeling that you and i are over[dont give up]
you keep complaining about this and that[dont give up]
a cold bye bye after all this time waiting for a chance[dont give up]
i can not let you go because i love you

this trashy love is hurting me more and more

#repeat

rap:

oh your lips want to say goodbye
your eyes keeps trying to avoid me
i already know through my intuition
[i dont wanna say goodbye]

(because i love you)

dont say no no no dont avoid me
step by step why are you trying to get away from me?
