I thought I knew you well, what did I know?  
You think it's okay to drive, to drive in snow  
Well I don't know, I don't know  
Can't we just walk around, c'mon let's go

Why can't we walk, just walk around?  
There are no cars, there is no sound  
Inside I feel very still and I wonder if you will  
Come out with me, I turn around  
I see my footprints on the ground  
Not like it was in '96, not like it was, not like it was  
(i never thought a night could be this long  
Promise me that I will see the end  
Don't leave me here, I long to see the sun  
Don't lock the door, it makes me want to run)

I thought I knew you well, what did I know?  
You think it's okay to drive, to drive in snow  
Well I don't know, I don't know  
Why can't we just sit here and kiss, c'mon let's go

Nothing ventured, nothing gained  
Oh you girls are all the same  
And I can't trust my memory  
Those days were nothing to me, oh I mean everything  
I walked for blocks in the freezing rain,  
And now you're gone, it's '98, and  
I'm waiting for the snow to melt  
(i never thought a night could be this long  
Promise me that i will see the end  
Don't leave me here, i long to see the sun  
Don't lock the door, it makes me want to run)

Don't leave me here, i long to see the sun (three days)  
Don't lock the door, it makes me want to run (three  
days)

I thought i knew you well, what did i know?  
You think it's okay to drive, to drive in snow  
Why can't we walk, just walk around?  
There are no cars, there is no sound

And the icy memory will mean nothing to me
