I'm in a clique but I want out  
It's not the same as when I was punched  
In the old days there was enough  
The card games and ease with the bitter salt of blood  
I was in but I want out  
My mother's love is choking me  
I'm sick of words that hang above my head  
What about the kid? It's time the kid got free

Be a part of the love club  
Everything will glow for you  
You'll get punched for the love club  
For the love club

I joined the club and it's all on  
There are fights for being my best friend  
And the girls get their claws out  
There's something about hanging out with the wicked  
kids  
Take the pill make it too ill  
The other day I forgot my old address  
I'm sitting pretty on the throne,  
there's nothing more I want  
Except to be alone

Be a part of the love club  
Everything will glow for you  
You'll get punched for the love club  
For the love club

Your clothes are soaked and you don't know where to  
go  
So drop your chin and take yourself back home  
And roll out your maps and papers  
Find out your hiding places again

The only problem that I've got with the club  
Is how you're severed from the people  
who watched you grow up  
When you're a member  
go on your great adventure again

And we'll be waiting at the end.

Be a part of the love club  
Everything will glow for you  
You'll get punched for the love club  
For the love club
