Iâ€™ve been trying ooh so long to let you know
Let you know how I feel
And if I stumble if I fall, just help me back
So I can make you see, oh yeah

Chorus:

One more night, one more night
One more night cos I canâ€™t live forever
One more night, one more night
One more night cos I canâ€™t wait forever

Iâ€™ve been sitting here so long
Wasting time, just staring at the phone
And I was wondering should I call you
Then I thought maybe youâ€™re not alone

Chorus

Like a river to the sea
I will always be with you
And if you sail away
I will follow you

I know thereâ€™ll never be a time
You will ever feel the same
And I know itâ€™s only words
But if you change your mind
You know that Iâ€™ll be here
And maybe we can both learn, yeah yeah

Chorus

Ooh one more night, â€™cos I canâ€™t wait forever

Oh hey, one more night
