I saw the news this morning
And saw your face across the screen
And as I poured my coffee
I picked up the magazine

Chorus:

But as I turned the page, and looked inside
There you were again
Oh those lonely times, they never seem to end
You're too far
I know I should be there where you are

Today I did some shopping
Just had to clear my mind again
(I guess I'm thinking 'bout you)
I hopped into a taxi and in a moment I was home...
Home again

Chorus

Tossing and turning
I can't make be without you
I'm gonna catch the next train out
I got to get where you are
No matter how near or how far
I gotta get where you are

Chorus x2
