One night at the bar
Didn't get me very far
I didn't the answer the answer I was
Looking for

Drank One
Drank Two
I'm drinking just for you
The only answer I have found is to drink more

There's an answer in one of these bottles
There must be something that they forgot to mention
There's an answer in one of these bottles
(I know)
So I'm gonna drink until I forget the question.

Passed out on the floor
What do I do this for?
When I walk in they say
'Honey don't you even start'

Drank one
Drank two
I'm drinking just for you
To find out what it is that happened to my heart

There's an answer in one of these bottles
There must be something that they forgot to mention
There's an answer in one of these bottles
(I know)
So I'm gonna drink until I forget the question.

/whistling

I'm drunk
Long gone
Wonderin' just what I done wrong
Singin' along
'Baby don't you want me no more?'

Drank one
Drank two

I'm drinkin' just for you
To find out what it is that I 'bin drinkin' for

There's an answer in one of these bottles
There must be something that they forgot to mention
There's an answer in one of these bottles
(I know)
So I'm gonna drink until I forget the question.
