I know we aren't together anymore,
But I need you to know,
That I still love you,
And I hope you do to.

Oh baby why won't pick up the phone the phone
I need you I need you and your home your home yeah
This can get a little hard hard
But I still love with all my heart my heart yeah

I know this can take some time to get use to to get use
to
But I wish I wish it was just me and you just me and you

Because when were together the skies are always blue
And when were together I never ever miss you
