You don't know exactly what you should think about me  
And you got yourself flipped upside down because  
She's back in your life  
And you don't know if you want to stay in mine

And I know exactly what it is I need to do  
Step one, got to make myself stop coming back to you  
Steps two and three  
I'll kiss you goodbye and then I'll let you be

And you'll have to go away, go away from here  
Yeah you'll have to figure out where to go from here

So you'll drive yourself on down to Mexico  
And you'll try to figure it out, when you get back you  
Just might know  
What you got to do  
But I'll have to leave that decision up to you

And you'll have to go away, go away from here  
Yeah you'll have to figure out where to go from here

Try to picture you with me, is it really so bad?  
If you haven't figured it out by now, honey I've been  
had

And you'll have to go away, go away from here  
Yeah you'll have to figure out where to go from here  
You'll figure it out now
