Wish I could fly  
In your closed hands then I'd fall asleep.  
As I am getting weak I need  
To pretend I can feel  
A little love that won't be real  
Anymore,  
Infinite like before  
We awoke.

Sometimes I scream  
To the dark hoping I hear you behind.  
Deep silence drowns you in my mind.  
The taste of dying lust  
Was diffused between us  
Like a wild  
River that takes me down  
Out of your life.

Alone I paint  
Moving pictures to myself.  
I just pray  
In pain that's come alive from yesterday.  
See, it aided me to put the tears on  
By the morning light,  
On my face  
So tired of endless empty days  
Without you.

All tomorrows fell to pieces,  
There is no tonight, but now  
We betray our lives to feel this  
Wicked time.  
So I close my eyes to see you,  
But the time steals you from me  
With the new sun we are dying here to live  
For make-believe.

Sometimes I scream  
To the dark hoping I hear you behind.  
Deep silence drowns you in my mind.  
So I hate you - never  
Tell me all about

The inner lines  
We couldn't pass.  
So I stayed  
Here in my endless empty days  
Without you.

All tomorrows fell to pieces,  
There is no tonight, but now  
We betray our lives to feel this  
Wicked time.  
So I close my eyes to see you,  
But the time steals you from me  
With the new sun we are dying here to live  
For make-believe.
