The missionary's on the way home  
Pistol grey, heart and  
Lungs  
Press to hard, don't give a fuck  
To keep them  
White, sweet forgiveness  
There's been no  
Soldiers  
Just pharmacists and sneaks  
Skin like paper,  
Light as confirmation wine  
Wade in the water

Hydroplane, like a sailor  
Across the tar,  
Along the lake  
Hanging like a busted wing  
Watch the  
Doctor boil you clean  
Fresh cut lawn, sweet  
Forgiveness  
Light as confirmation wine  
Wade in the  
Water
