When it's cold outside
And I close my eyes
I wanna be with you
And I can't let go
Cause in my heart I know
Where we will always be together

Something so right
Promise me that nothing's gonna change
Say that it's forever

CHORUS:

Oh, heart don't lie
(Oh heart don't lie)
My head can tell me anything
And I would believe it
Oh, heart don't lie
(Oh heart don't lie)
I need to know what's true tonight
Won't you help me see it

Always on the run
Trying to find someone
To make this dream come true
When you're holding me
It's all I need
To make this magic last forever

All through the night

Promise me that nothing's gonna change
Say we'll be together

CHORUS

Don't lie
You know I would believe it
Heart don't lie
Won't you help me see it

All through the night

Promise me that nothing's gonna change
Make it last forever

CHORUS

Oh, heart don't lie
(Oh heart don't lie)
Make it last forever
Oh, heart don't lie
(Oh heart don't lie)
Say we'll be together
Oh, heart don't lie
(Oh heart don't lie)

Don't lie

You know I would believe it
Oh, heart don't lie
(Oh heart don't lie)
Don't lie

Won't you help me see it
