Iâ€™m gonna do it all the same  
It never mattered anyway  
Cuz I wish that this was right  
And it's driving me insane  
To a point I canâ€™t explain  
It makes me feel alright  
But SHE NEVER SAYS GOODBYE  
She never says goodbye

I had people tell me I was wrong  
But they donâ€™t know all of the details that Iâ€™m  
thinking of  
If I could meet her Iâ€™d make her believe  
That everything she wants and needs she could find  
right here with me

Because I  
I know it isnâ€™t right  
Itâ€™s always on my mind  
See her again tonight

OH  
Just one night with you  
Is all I want to believe  
I can do nothing but dream  
Whyâ€™s it so complicated?  
She never says goodbye

I had people tell me to give up (youâ€™re never gonna  
get it)  
Theyâ€™re so negative it's fucked  
If I could meet her Iâ€™d make her believe  
That everything she wants and needs she could find  
right here with me

Because I,  
I know it isnâ€™t right  
It's always on my mind  
See her again tonight

OH

Just one night with you  
Is all I want to believe  
I can do nothing but dream  
Why's it so complicated?  
She never says goodbye

SHE NEVER SAYS GOODBYE  
I'm gonna do it all the same, It never mattered  
anyway  
Cuz I wished that this was right  
To a point I can't explain, It's driving me insane

Just one night with you  
Is all I want to believe  
I can do nothing but dream  
Why's it so complicated?

Just one night with you baby
