Break out on a saturday
Everybody says the same thing to you
I wonder when it's going to end
Take a chance just for a day
Wake up to yourself and lets get away
It's crazy how we get along
When it's been going on for so long

Chances don't exist with popular kids cause you know,
All they're gonna do is hold you down
Chances don't exist with popular kids cause you know,
All they're gonna do is hold
Cause they don't give a shit about you

Don't wanna get up, I'll just sleep all day
But everybodies always yelling at me
To do things that I can't... well I can... but I'm not
One day I'm gonna make these people see
That they never should have messed with me
Cause I'll go
AND I'LL GO
And I'll go
AND I'LL GO
And I'll Stop
Because...

Chances don't exist with popular kids cause you know,
All they're gonna do is hold you down
Chances don't exist with popular kids cause you know,
All they're gonna do is hold
Cause they don't give a shit about you

And one day they'll regret
Everything they've ever said
To that guy they knew cause they're standing in his
crowd

Chances don't exist with popular kids cause you know,
All they're gonna do is hold you down
Chances don't exist with popular kids cause you know,
All they're gonna do is hold

Chances don't exist with popular kids cause you know,
All they're gonna do is hold you down
Chances don't exist with popular kids cause you know,
All they're gonna do is hold
Cause they don't give a shit about you
