I heard you were saying things
Somebody's in between
I don't care what you say
You'll never crush my dreams
I've heard all your shit before
You don't believe in me
And I'll work till I hit the floor
To show what I can be

I'm coming home
I'm gonna make a statement
I'll prove you wrong
Don't say 'you'll never make it'
Just wait and see
Just what I'll be
Because everything you do, everything you say
Never meant anything to me

This song goes out to anyone that's ever been told they
will never achieve their dreams, and for those people,
now is your time...
Now is your time to
GET DOWN
OH

I'm coming home
I'm gonna make a statement
I'll prove you wrong
Don't say 'you'll never make it'
Just wait and see
Just what I'll be
Because everything you do, everything you say
Never meant anything to me

Everything you've ever said
Every book that's been re-read
It all amounts to nothing
You'll never change me
Everytime you thought you said
Shit that was getting in my head
(I never cared)
I never cared

I NEVER CARED

I'm coming home
I'm gonna make a statement
I'll prove you wrong
Don't say 'you'll never make it'
Just wait and see
Just what I'll be
Because everything you do, everything you say
Never meant anything to me
