OH

Can I spend another minute here?

I

Can't believe I never thought of this

YOU

Won't give up until you know that I can feel like this

(Feel like this)

TEN

Million light-years and I'm going strong

I

Never knew this 'til you came along

BUT

I'll still try to make you see that what you had is gone

(Had is gone)

So I'll give it my best to set things straight

(Gotta leave, gotta leave no time to waste)

While I'm sliding and crashing as I'm dead awake

(The road is rough, but I'm tough so I'll have to wait)

While I'm pushing it forward as I try to learn

That respect's just a quest that you've gotta earn

Just to watch this city burn

OH

If you're coming then do not be late

I

Need to get out while I can escape

CHANGE

Of direction is what makes you feel like you can't take

(You can't take this)

Will this be our happily ever after?

Or will this become our disaster?

Well I'm not waiting around to find out

Cause this time, this time

I'm BREAKING OUT

So I'll give it my best to set things straight

(Gotta leave, gotta leave no time to waste)

While I'm sliding and crashing as I'm dead awake

(The road is rough, but I'm tough so I'll have to wait)

While I'm pushing it forward as I try to learn

That respect's just a quest that you've gotta earn

Just to watch this city burn

I WONT BACK DOWN  
THIS IS SOMETHING THAT I NEED  
THIS IS SOMETHING THAT I've FOUND

So I'll give it my best to set things straight  
(Gotta leave, gotta leave no time to waste)  
While I'm sliding and crashing as I'm dead awake  
(The road is rough, but I'm tough so I'll have to wait)  
While I'm pushing it forward as I try to learn  
That respect's just a quest that you've gotta earn  
Just to watch this city burn
