Baby I swear you are something right outta my own
dreams,
Baby I swear when you smile it's the prettiest thing
I've ever seen,
Honey I just don't why I even every say goodbye.
California girl with those eyes, eyes, eyes.

Cali I am at a loss, I swear my hearts been double
crossed.
Tell me what it is that you had thought,
You didn't even know you'd had me caught.
Still don't believe I had a chance, a body like a sexy
hourglass
Oh those eyes and that ass.

Would it even matter?
Would it even matter if I loved you?
Would it even matter?
Would it even matter if I loved you?
What would you do if I told you
That you're the last thing I'd want to lose?

So is this really, truly me and you?
I'm wishing that you'd fought me black and blue
You'd swear it's not but babe you know it's true,
I really swear that I loved you.
Remember our last kiss when we cried, cried, cried?

Does it even matter?
Does it even matter that I loved you?
Does it even matter?
Does it even matter that I loved you?
What would you do if I told you
You're the last thing I'd want to lose?
