Do the right thing.
We've scratched until it bled.
Choose the right thing.
Let's give it half a chance.
The world is open.
Circumvent our circumstances.
The door is open.
Give it half a chance.
Choose the right one.
To this thing we're wed.
Let's do the right thing.
Before our dream is dead.

The door is open.
To adolescent romances.
The door is open.
Give it half a chance.
Do the right thing.
We scratched until it bled.
Let's choose the right thing.
Before our dream is dead.
The door is open.
To adolescent romances.
The door is open.
Welcome to the dance
