Dance, dance, dance  
If you wanna dance  
Go, go, go  
You are ready, no?  
Dance, dance, dance  
Won't you take my hand and we'll  
Dance, dance, dance, dance  
Wooooooahh  
Wooooooahh  
Ohhh yeah

Tonight's gonna be the night when we come undone.  
And everybody's watching  
I'm not sure  
If you can really handle the heat I bring on the dance  
floor

It's our favorite song  
You don't even have to sing along  
Count to five, we come alive  
And this is the chance I've been waiting for, so

Dance, dance, dance  
If you wanna dance  
Go, go, go  
You are ready, no?  
Dance, dance, dance  
Won't you take my hand and we'll  
Dance, dance, dance, dance  
Ooooh

There's not a two-step  
Do you regret,  
Livin' life with you and it feels like gold!  
...  
I'm so ready  
To lift two hands and spin you around

It's our favorite song  
You don't even have to sing along  
Count to five, we come alive  
And this is the chance I've been waiting for

Dance, dance, dance  
If you wanna dance  
Go, go, go  
You are ready, no?  
Dance, dance, dance  
Won't you take my hand and  
We'll dance, dance, dance, dance

When fifteen minutes is all it took  
To give into the power of the unseen hook  
You were just seeming so naturally  
Is it the dancing, or is it me?  
Me.  
Is it me?

I'm not the kind of boy to sing  
Your love flew down and just took me away  
Lately, oh lately, may I say,  
When I'm with you, everything's ok

Dance, dance, dance  
If you wanna dance  
Go, go, go  
You are ready, no?  
Dance, dance, dance  
Won't you take my hand and we'll  
Dance, dance, dance, dance  
Woah!

When fifteen minutes is all it took  
To give into the power of the unseen hook  
You were just seeming so naturally  
Is it the dancing, or is it me?  
Yeah!  
Or is it me?  
Woooooah  
Woah
