# "I Need Your Love"

Oh girl,
You really get to me,
You don't know what you're doing,
But you're doing something lately

Well, I see you in the corner,
With a drink in your hand
Well I know I like to see
That tall drink of water again

I need your love,
I need your love,
Oh baby the look you gave me
You know it drive me crazy
No matter what you say
I need your love,
I need your love

You think you're smart,
Oh, but I got you figured out
You think you know a thing or two,
But I have my doubts

Well, I've seen you girls before,
And I know your card
Oh, hey pretty mama
Will you dance to the song?
And turn out all the lights?

I need your love,
I need your love,
Oh baby the look you gave me
You know it drive me crazy
No matter what you say
I need your love,
I need your love

Well I'm just a city boy,
And you're all of a country girl
So why can't we be together?
Oh something about you,
Gets you under my skin

One look at you,
And I'm in it again
So look in my eyes,
Turn down the lights
And whisper those words
One more time

I need your love,
I need your love,
Oh baby the look you gave me
You know it drive me crazy
No matter what you say
I need your love,
I need your love

Oh baby the look you gave me
You know it drive me crazy
No matter what you say
I need your love,
I need your love
Woah

Oh, it drive me crazy,
Oh, baby

I need your love,
I need your love
