I just wanna pay the bills
But when I'm with you it's the biggest freakin' hell
And everybody knows my name
Oh
But you're just with me for the fame of the game
I want to say I can't take it anymore
If I stay with you, I'll end up being poor

Cause I ain't your rollercoaster
You know this ride ain't free
Too many twists and turns
I'm sick of your disease
You think you can just come over
To think I gave you the ring
You know this ride is over,
Cause I ain't your rollercoaster

Oooo rollercoaster
Eh rollercoaster
Rollercoaster yeah

Remember when I bought your car
(And that ain't no Nissan)
I made you feel like a Hollywood star
(So fresh)
But then you messed around with him oh
(Say what)
Oh, there's no tellin' all the places you've been

You took my heart and you left it at the door
Cause all you wanted was more, more, more

Cause I ain't your rollercoaster
You know this ride ain't free
Too many twists and turns
I'm sick of your disease
You think you can just come over
To think I gave you the ring
You know this ride is over,
Cause I ain't your rollercoaster

And I can't believe I was so proud to be the one

To take you home
Now it looks like I'm the fool for lovin' you
Yeah
You were my number one
Yeah we were so blind
I tried to keep us alive,
Until you bled me tried
Oh yeah
Oh yeah
Oh you bled me dry

Cause I ain't your rollercoaster
You know this ride ain't free
Too many twists and turns
I'm sick of your disease
You think you can just come over
To think I gave you the ring
You know this ride is over,
Cause I ain't your rollercoaster

Oooo rollercoaster
Eh rollercoaster
Rollercoaster yeah

Oooo rollercoaster
Eh rollercoaster
Rollercoaster yeah
