Anastasia left a kiss on the mirror  
And a couple of condoms by the bed  
I tried to find her on her old number  
But I just goet her boyfriend instead Oh it's hard, so  
hard, when Anastasia changes her mind  
Yead it's hard, so hard, when Anastasia changes her  
mind

So I went back to working the quadrellas  
I collected three times in a row  
I swear it mush have been that kiss on the mirror  
That' I'd touch with my lips just for luck each time I'd go  
Yeah it's hard, so hard, when Anastasia changes her  
mind  
Yeah it's hard, very hard, when Anastasia changes her  
mind

Now the numbers were my daily devotion  
I was stashing big bills in the floor  
Then one night at my door a commotion  
Anastasia - at some ungodly hour!  
I said 'Baby can I fix you a coffee  
And tomorrow let me buy you a dress  
Since you've been gone I got lucky'  
She just nodded her head and said 'I guess'  
Yeah it's hard, it's hard, when Anastasia changes her  
mind  
Yeah it's hard, it's hard, when Anastasia changes her  
mind

Now 'Stacey' takes the crumbs from the table  
And feeds them out back to the birds  
{Full band returns}  
Me I can't even pick the daily double  
Since that kiss on the mirror disappeared  
Yeah it's hard, ain't it hard, when Anastasia changes  
her mind (X3)

haaaaarrrrddd
