It's not what you do, it's just the way that you do it
makes me feel this way
It's not what I see, it's what I read in the looks you've
been giving me
Now make no mistake I'm not sure I can take anymore
of this waiting game
If I had my way I'd like to hear you say
You kind of feel the same way too
So, When will you be mine, do I have to wait forever
When will you be mine do I have to wait forever,

When will you be mine, when will you be mine, when will
you be mine
It's not what you think, but when you take a drink I feel
this invitation
There's no need to worry, 'cause I'm in no hurry I just
want that sensation
I don't look for trouble, but sometimes that trouble,
come looking for me, yeah
There's one thing that I want to do It's take you out of
here with me
So, When will you be mine, do I have to wait forever
When will you be mine, do I have to wait forever

When will you be mine, When will you be mine
When will you be mine, do I have to wait forever
When will you be mine, do I have to wait forever

When will you be mine,
What's the problem I've got to know

When will you be mine,
Please don't keep me in suspense this way

When will you be mine,
This waiting is killing me

When will you be mine,
I can't stand your drinking all night
