It started with a kiss, in the back row of the classroom  
How could I resist the aroma of your perfume  
You and I were inseparable, it was love at first sight  
You made me promise to marry you, I made you  
promise to be my bride  
But you were only eight years old and I had just about  
turned nine  
I thought that life was always good, I thought you  
always would be mine

It started with a kiss, I never thought it would come to  
this  
It started with a kiss, I never thought it would come to  
this

I remember every little thing, like fighting in the  
playgournd  
Some good looking boys had started to hang around  
That boy hurt me so bad but I was happy 'cause you  
cried  
Still I couldn't help but notice that new distant look in  
your eyes  
Then when you were sixteen I had just turned  
seventeen  
I couldn't hold on to my love, I couldn't hold on to my  
dream

It started with a kiss, I never thought it would come to  
this  
It started with a kiss, I never thought it would come to  
this

You don't remember me do you?  
You don't remember me do you?

Walking down the streets again, the star of my love  
sotry  
And my heart began to beat so fast, so clear was my  
memory  
I heard my voice call out your name as you looked then  
looked away

I felt so hurt, I felt so small, it was all that I could say

You don't remember me do you?

You don't remember me do you?

It started with a kiss, I never thought it would come to  
this

It started with a kiss, I never thought it would come to  
this
