You left your black candles burning
And your tarot cards on the floor!
You left the window wide open you forgot to lock the
door

The way you ran out of here
I'd say it's perfectly clear that I've seen the last of you!
Did you evaporize? Now your immortalized...
Another mystery... without a clue

So let me tell you what I'm gonna do
Erect a temple in the absence of you!
Believe me baby oh where you left my heart was...

CHORUS:

In a Graveyard... full of plastic flowers
In a Graveyard... no after hours
In a Graveyard... I'm buried next to you!
I'm in the graveyard. (look out, look out)
I'm in the graveyard.

You left the portrait you painted up above the fireplace.
The answering machine message is gonna need
erased!

You could have left me a note, or some Morrissey
quote like...
"You Just Haven't Earned It Yet Baby!"
Then at least I would know you didn't love me so...
I could get over you... But I'm not through

So let me tell you what I'm gonna do
Erect a temple in the absence of you!
Believe me baby oh where you left my heart was...

(Repeat Chorus)

Spoken Break Down:
And now I lay you down to sleep...
I pray your soul will rot in hell

(Repeat Chorus)
