I don't want to feel like this
I don't want to feel like such an idiot
For trusting you
I want to want to get out of bed
I want to open the door
And then I want to do something without you

I want to listen to Jawbreaker with my friends
With windows down in the back of the van
I want to drive to edge of the state
I want to find a brand new place
To hide all those feelings I waste on you
Yeah, I do, I do

Sometimes I still wear your socks
Even if they don't fit me
I know now that we don't talk
But I hope you think of me
Alone on your back porch
Singing your favorite song

I want to listen to Jawbreaker with my friends
With windows down in the back of the van
I want to drive to edge of the state
I want to find a brand new place
To hide all those feelings I waste on you
Yeah, I do, I do

I don't want to feel like this
I don't want to feel
