She wears the coolest clothes and nothing fits me right  
She writes better songs  
I never stuck with words that rhymed  
And when she walks by, people stare at her  
Cause she's so cool

She's everything I want to be  
She's everything someone would need  
She's everything they want  
I'm not that girl

She doesn't smoke cigarettes  
But she drinks whiskey with the men  
She likes the coolest bands  
I haven't heard of them  
She doesn't listen to the radio  
And when she walks by, people stare at her  
Cause she's so cool

She's everything I want to be  
She's everything someone would need  
She's everything they want  
I'm not that girl  
And I don't think I'll ever be that cool

And when she walks by, people stare at her  
Cause she's so cool

She's everything I want to be  
She's everything someone would need  
She's everything they want  
I'm not that girl  
Sometimes I don't get it right  
Second place and last in line  
She's everything they like  
I'm not that girl  
And I don't think I'll ever be that cool
