We're in your room, you're half asleep  
I'm watching something on TV  
Kick off my shoes and start to think  
I'm wearing the t-shirt you gave me  
And do you still think of me when I'm not there?  
How could I still feel this way after all these years?  
I can't help but think about how I'll feel when

When I don't know you anymore  
When I don't know you anymore  
When I don't know you anymore  
When I don't, when I don't

You picked me up  
I was too drunk to drive  
You let me sing in the car ride  
To the same three songs we always sing  
And I talked on and on about nothing  
But you don't seem to care  
How could I still feel this way after all these years?  
I can't help but think about how I'll feel when

When I don't know you anymore  
When I don't know you anymore  
When I don't know you anymore  
When I don't, when I don't

You're always on my mind when I'm trying to fall asleep  
And I toss and turn around  
I can't think about all the things that I do wrong  
And will I mess this up?  
And how it won't be long until you're gone

And I don't know you anymore  
When I don't know you anymore  
When I don't know you anymore  
When I don't, when I don't
