I got my perfect kit!

I wake up near the bathroom  
My kit is waiting  
Day by day I use it gently  
But today I failed - NO!

Oh my god the kit is  
Alive and mad  
It is cutting my face  
I fall in blood!

It's blade is slicing  
My parts are down  
I try to hide in a closet  
But the kit is fast  
It hurts - blood runs all over  
I have no eyes!  
It cuts deep in my head  
I feel my skinless skull un---safe  
UNSAFE!

Without skin I loose my skull  
Headless I remain  
The damn kit locked me here  
I have no chance! NO!

I cannot breathe inside flesh  
My skull is so far  
I vomit my gall  
Through my throat hole

The kit is cutting  
My wife in two  
She gets a blood flood  
From inside her wound  
The kit don't stop  
Her slices are more  
A half-hand standing  
Bleeding on my jobshirt  
MY - JOB - SHIRT!

Rats are  
Rats are  
Rats are  
Chewing us!
