I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby

I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
I wanna fly away, I know you love me baby  
Baby, baby, baby, baby, baby

You can take a peek at me on a friday, only everything  
you need boy, for you  
Even dance with me on a saturday, when I close my  
eyes, there is nobody

You can take a peek at me on a friday, only everything  
you need boy, kiss me  
You'll be finding love on a saturday, everybody come  
to my house party, prime time!
