I don't know what  
But I see this more to this  
It's not just something in the air

I'll come running to help you out  
When your hour of darkness comes  
Remember there's a strength inside of us

Are we more than human?  
Will we be more than a memory?  
Just fragments of a distant stop

Am I more than human  
And one day I'll fly away  
Maybe I'll go back to where I once came from

Breathing, bleeding  
Do I have a choice in it  
They can deal some dangerous cards

Who knows what tomorrow brings  
Like butterflies in spring  
Who rest for a moment  
Before they fly into eternity

So we find that human  
What is this I feel inside  
'Cause one day I may fly away

Sometimes we're more than human  
And maybe we'll change one day  
Someday...  
Someday...  
Someday...  
Someday...
