Tell me that I'm dreaming  
If we get together, it will be forever;  
Tell me that I'm dreaming  
Every day and night I pray with all my mind...

Tell me that I'm dreaming, tell me that I'm dreaming  
If we get together, it will be forever;  
Tell me that I'm dreaming, tell me that I'm dreaming  
Every day and night I pray with all my mind...

Am I dreaming, am I dreaming  
I'm seeing things that got no meaning;  
Somebody tell me what to do,  
If I don't wake up, my mind is \*doo\*;  
I can see the stars are flying,  
I can see that Earth is dying,  
I can see drugs kids are buying  
That's for real, yo -- I ain't lying;  
People killing on the streets,  
Ladies selling that body heat  
Is it real or do I sleep?  
I pray, "Jehovah, my soul do keep;"  
Wake me up, don't let me down  
I'm waiting for that sight or sound;  
Tell me, what's the secret meaning?  
Is it over - am I dreaming?

Tell me that I'm dreaming, tell me that I'm dreaming  
If we get together, it will be forever;  
Tell me that I'm dreaming, tell me that I'm dreaming  
Every day and night I pray with all my mind...

Am I dreaming?  
Somebody tell me!  
Aaaoooooh...

Tell me that I'm, tell me that I'm, tell me that I'm...  
Dreaming!  
Tell me that I'm, tell me that I'm,  
Tell me that I'm dreaming...  
Tell me that I'm, tell me that I'm, tell me that I'm...  
Dreaming!

Tell me that I'm, tell me that I'm,  
Tell me that I'm dreaming...

Sellers, wake me; brothers, wake me,  
Rescue me from this that takes my last breath  
I cannot see,  
A blind man full of agony;  
I lift my hands up to the sky,  
Ask the question, "Must I die?"  
If I do, it's just for you  
I do whatever you want me to;  
I can feel this life is going,  
And can you see, the world is showing  
Everybody's got no time,  
Every city is full of crime,  
Every person in this scene  
Start the acts where just is mean;  
Man was made for just one reason  
God's will; I'm not teasing...

Tell me that I'm dreaming  
If we get together, it will be forever;  
Tell me that I'm dreaming  
Every day and night I pray with all my mind...

Am I dreaming?  
Somebody tell me!  
Aaaaaooh...

Tell me that I'm dreaming, tell me that I'm dreaming  
If we get together, it will be forever;  
Tell me that I'm dreaming, tell me that I'm dreaming  
Every day and night I pray with all my mind...

Tell me that I'm dreaming  
Am I dreaming?  
Tell me that I'm dreaming  
Somebody tell me!

Tell me that I'm dreaming...  
Aaaaaooh...

Tell me that I'm dreaming  
Am I dreaming?
