I wake at night and I start reaching for you  
Every single time  
I wish you lived a little closer  
There's nothing else can make me feel the way you do  
And phone calls don't provide  
The warm I need when nights are colder

Missing you is more than I can stand  
I need you here with me, so baby take my hand

Let's get close again I'm So In Love  
You may be far away, but I need you here today now...  
To hold me. Boy, I'll never get enough  
You're the only one for me. Come on over and you'll  
see  
You and Me, we are So In Love
