Buckle Up
We got a 100 to go
I wanna go now
Cuz I miss her so
My engine's running just for her
For my baby's love it ain't no cure

Buckle up
If you wanna live
The highway's lit said you wanna give
Gambling with the whole detail
One little mistake and you will fail

My blood is pumping fast
I just don't want it to last

I'll show you going down below

Buckle Up
We got a 100 to go

Buckle up
If you wanna fight
Lovin is when your teeth start pulling me tight
Feel me when you hear the sound
I am going to take you down

Oh yea I'm on tonight
You know it feels so right
I hear those tires screaming
Ohhhhh
Let's go
