Side by side we're standing tall
We're leaving here
When in doubt the sun will fall
We're leaving here
Turn the pages scream and shout FREEDOM

Keep the faith and let me know
Just how you feel
Hold my hand its time to show
Just how I feel
Turn the pages scream and shout FREEDOM
" repeat "

I know the sun will be shining
When everybody is smiling
Freedom Freedom

I wanna be free
I wanna be free
Say I wanna be free
I wanna be free

Raise your hands in the air
Sing out loud
And lets rejoyous a time to share
Sing out loud
Turn the pages scream and shout Freedom

Side by side
We're leaving here
When in doubt the moon will fall
We're leaving here
Turn the pages scream and shout Freedom
" repeat "
