"A Simple Song"

Sittin' on my bed, usin' pencil lead
Wishin' I was fed, tryin' to catch what's comin' from my
head
Now the words are here, but they don't seem clear
& some doubt appears as I'm singin' through the air
comin' to my ears

CHORUS:

Sing along with me (x4)

If you'd like to sing your so-called thing
Well, get done the things that you do like to do, like to
do your thing
It's a simple song & it won't take long
You can sing along, come on, come on & sing along

(chorus)

(instrumental)

(repeat chorus & fade)
