"Angels Of Mercy"

Stealin' through the eyes of darkness that's byes
creepin' below
Baby, you have left me lonely with you in my heart &
soul
I'm down in this hole of sadness; I'm lookin up & cryin'
out to

CHORUS:

Where are the angels? Where do they go?
Angels of mercy, send us love below, down below

Sinkin' in a sea of sorrow, got to feel colder now
Losin' you has made me helpless, never said what I'd
done
If only you were here to tell me, won't somebody tell
me, please?

(chorus)

(instrumental)

Somebody help me find tomorrow, home seems so far
away
Livin' through this night is madness, can't believe you'd
do this way
If you would come home to love me, the nights, they
will give me for sure

(chorus)

(instrumental, to fade)
