See her dancin' down the street now  
Flashin' everyone she meets now  
She wears clothes she leaves for time  
And her name's Cinderella Sunshine  
Don't you want to spend some time with me?

CHORUS:

Where, where are you goin', Cinderella Sunshine?  
Where are you goin'?  
Where, where are you goin', Miss Sunshine?

She could stay off, off I told her, ah ah ah ah  
Like the wind I cannot hold her, ah ah ah ah  
Golden lock and go, champ, home  
Do you take her from my door?  
Don't you want to spend some time with me?

(Chorus)

Come to me, and she'll be here  
With the dawn, she disappears  
Where, where are you goin', Cinderella Sunshine?  
(Repeat & fade):  
Where are you goin', Cinderella Sunshine?
