Well, I got a gal & it drives the most, Corvair baby  
We head for the course way down on the coast, Corvair  
baby  
I'll make the foot surge, she says "oh yeah"  
I'll make the seconds just now  
'Bout the time we're in the street away, she's by my  
side  
But wo yeah, she digs my style

Stick with me, baby, & stay by my side, Corvair baby  
'Cause I want you there whenever we ride, Corvair baby  
We'll be together wherever we go, & everybody will  
know  
'Cause you're my baby, my Corvair baby & I'll, I'll never  
let you go

(instrumental)

Well I'll make the foot surge, she says "oh yeah"  
I'll make the seconds just now  
'Bout the time we're in the street away, she's by my  
side  
But wo yeah, she digs my style

(repeat verse 2)

(repeat & fade):  
You're my baby, my Corvair baby & I'll, I'll never let you  
go
