DON'T TAKE IT SO HARD  
Paul Revere and The Raiders

I've tried to let you down so easy  
I'd like to still be just a friend  
We shared such memories together  
But all good things come to an end

You should not take it so hard  
You should not take it so hard  
You should not take it so hard  
You should not take it so hard  
You should not take it so hard  
You should not take it so hard

You wonder when you are going to see me  
I might just pass this way again  
Until then don't you wait up for me  
Cause now I'm getting in the wind  
Don't you remember what I told you from the start  
When people fall in love too much  
It can cause a broken heart that won't mend easy  
But if you just wait sometime  
I may come walking to you in the sunshine
